

Meal Management Program

Enroll May 25th to June 1st in The College Store for the 2017 Summer Semester

The Meal Management Program revolves around a central idea: to help our students succeed.

The key element of the program is an automatic, bi-weekly Meal Plan Card load that will provide a sense of stability through the life struggles that tend to accompany academic involvement. Utilizing this program, you will have a reliable source of budgeted income that will allow for food and fuel to keep your vehicle, body, and mind always moving forward.

Economy Program:

Receive set \$200 loads based on a flat amount of your available financial aid.
